## DATA DEVICES

*Do not attempt to connect data devices without contacting your service provider. Advanced data features require the proper application and network infrastructure to operate.*

## Data Features

In addition to high quality audio and video, the DCT\* has the capability to deliver high-speed data services such as Internet access, e-mail, IP Telephony, E-Commerce, and home banking.

Your DCT\* may be equipped with the interface connections illustrated, but their functionality depends on the services offered by your service provider.
